4th Edition of

INDIA SPACE CONGRESS

2025

*Pioneering Innovations in Space technology:
India's Journey towards Global Partnership*

25-27 June, 2025 | Le Meridien, New Delhi, India

ABOUT INDIA SPACE CONGRESS (ISC)

The India Space Congress (ISC) began as an initiative by SIA-India in 2022, swiftly establishing itself as a leading platform in the global space industry. Over the years, ISC has grown exponentially, attracting a diverse and influential audience including government officials, space agency leaders, industry executives, entrepreneurs, investors, researchers, and academia from around the world. The congress is committed to bridging gaps in the policy and regulatory frameworks, promoting business growth, supporting startups and MSMEs, and creating opportunities for innovation and investment in the space sector while supporting technology

transfer and localization through joint R&D projects.

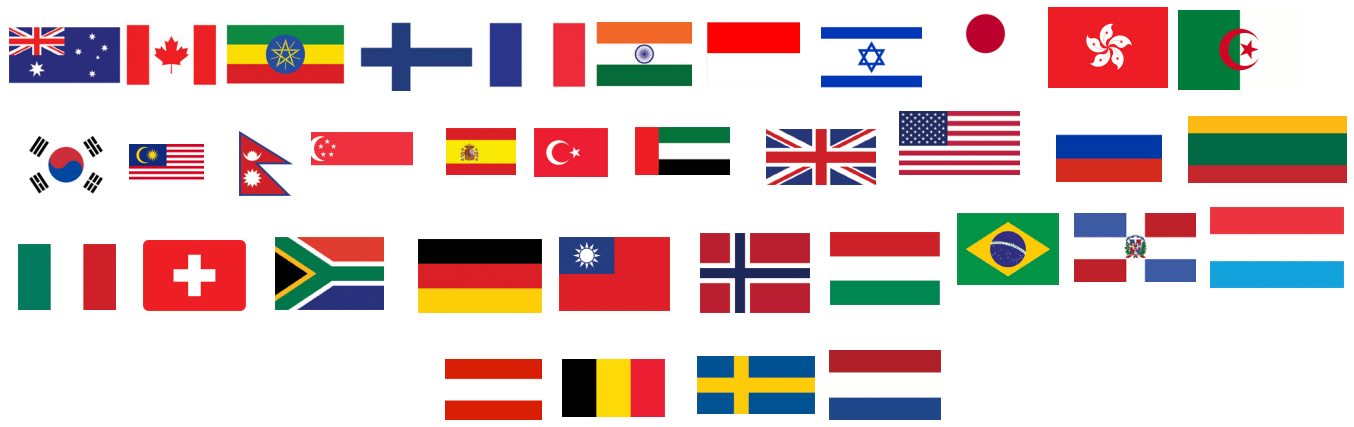

ISC 2025

ISC 2025 with the theme 'Global Partnerships in Space: India's Vision for Collective Advancement' will build on foundational G2G partnerships translating them into tangible outcomes with a strong emphasis on B2B collaborations. Key features of ISC 2025 include Networking tracks, investment forums, innovation showcase, calls for papers, mentoring sessions, workshops, hackathons, and panel discussions.

INSPIRATIONAL QUOTES ABOUT SPACE COLLABORATION

Dr S Somanath, Chairman of ISRO

“

We proudly stand among the nations with immense potential for further expansion. Our relentless pursuit of growth, innovation, and collaboration positions us on the list of front-runners, ready to embrace new horizons and shape a future filled with endless possibilities.

Dr Pawan Kumar Goenka, Chairman INSPACE

“

All the space startups in India are deep-tech and are trying to explore something new. We have more than 200 startups and that number would go up post FDI policy. The private space sector is at an inflexion point in India. Last year alone it received 135 million dollars in investment.

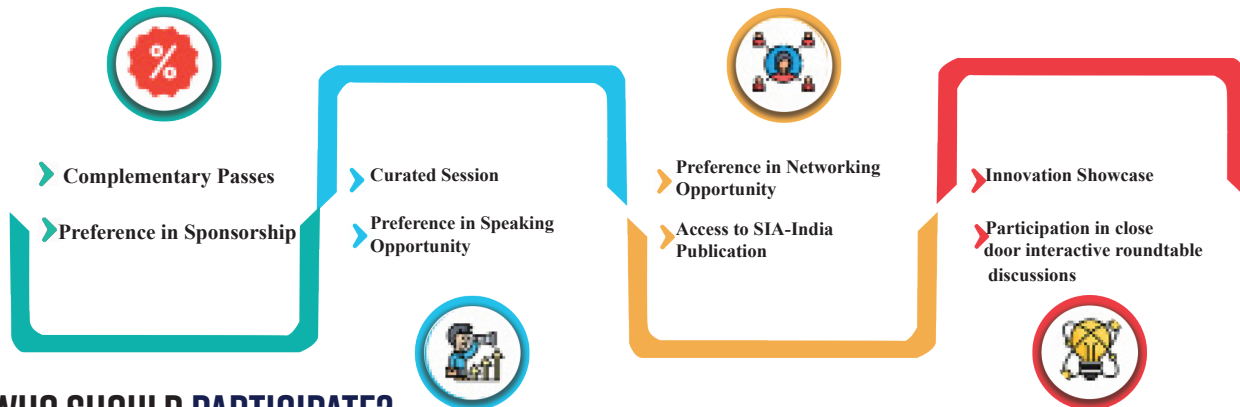

Shri Anil Kumar Lahoti, Chairman, TRAI

“

India Space Congress provides an opportunity for various stakeholders to come together and deliberate with the discussion on how the space sector can be utilised to provide better connectivity to remote areas.
